

Wajeeh UL Hassan

Software Engineer

As a Full Stack Software Engineer specializing in NestJS and Express.js for the backend and Vue.js for the frontend, I design robust, efficient, and secure solutions for web applications. With a strong software engineering background, I excel in translating complex business requirements into scalable, elegant code. Committed to staying current with technology trends, I thrive in collaborative, cross-functional environments, contributing to project goals and driving business success.

WORK EXPERIENCE

Software Engineer

Aslase

04/2024 - Present

Achievements/Tasks

- Developed and maintained robust server-side applications using Nest JS, ensuring high performance and responsiveness.
- Created interactive, user-friendly front-end applications with Vue Js, implementing Vue Router and Pinia for state management.
- Collaborated with cross-functional teams to gather requirements and deliver software solutions on time.
- Optimized application performance through code refactoring and implementation of best practices.

Backend Developer

Sigi Technology

04/2023 - 04/2024

Achievements/Tasks

- Led the development and management of the website's backend infrastructure using Node.js and Express.js.
- Engineered scalable and maintainable server-side solutions, ensuring optimal performance and responsiveness.
- Collaborated with frontend developers to integrate server-side logic with user-facing elements, ensuring a cohesive and efficient web application.
- Integrated third-party APIs and services to enhance the website's functionality and features.
- Managed and optimized database interactions, including querying and updating data, using appropriate database connectors.

EDUCATION

Bachelor's in Software Engineering

University of Sargodha

10/2019 - 07/2023

SKILLS

Node JS

JavaScript

Nest Js

MySQL

MongoDB

Express JS

Html

CSS

Tailwind

React

Vue

Git

JSON

Load Balancer

RestFull

Stripe

ACHIEVEMENTS

2 GitHub Achievement badges and well maintained streak of working on GitHub

CERTIFICATES

Designing squad Workshop (09/2022)

Web Development Course (03/2022 - 06/2022)

Event Management Society (2021 - 2023)

Admission Management Leader (09/2023)

LANGUAGES

English

Full Professional Proficiency

Urdu

Native or Bilingual Proficiency

INTERESTS

Full-Stack Development
